

WHAT'S YOUR NAME?

My name...? You want to know my name?

I DO.

I SUPPOSE I could tell you, but what would it matter? You're likely to forget it

anyways. It's not as if my name is of any

importance to you. Names are NOTHING in the grand scheme of things, and mine's as normal as anyone's.

SO YOU'RE NOT GOING TO TELL ME, THEN?

No, no I'm not.
